

Brush system

- Easy to place
- Safe
- Cleaning plates/cans
- Cleaning plastic/
steel belts

The Brush system is your hygienic, economical and flexible solution for automatically removing contamination like bread crumbs from a plate. The system can be easily mounted on any transport system.

SAFETY

The brushing system, which can easily be removed without tools, is fully protected by a lightweight cover.

ECONOMICAL

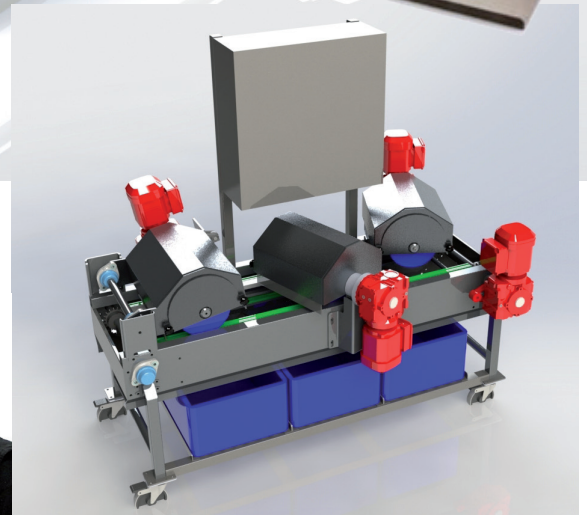

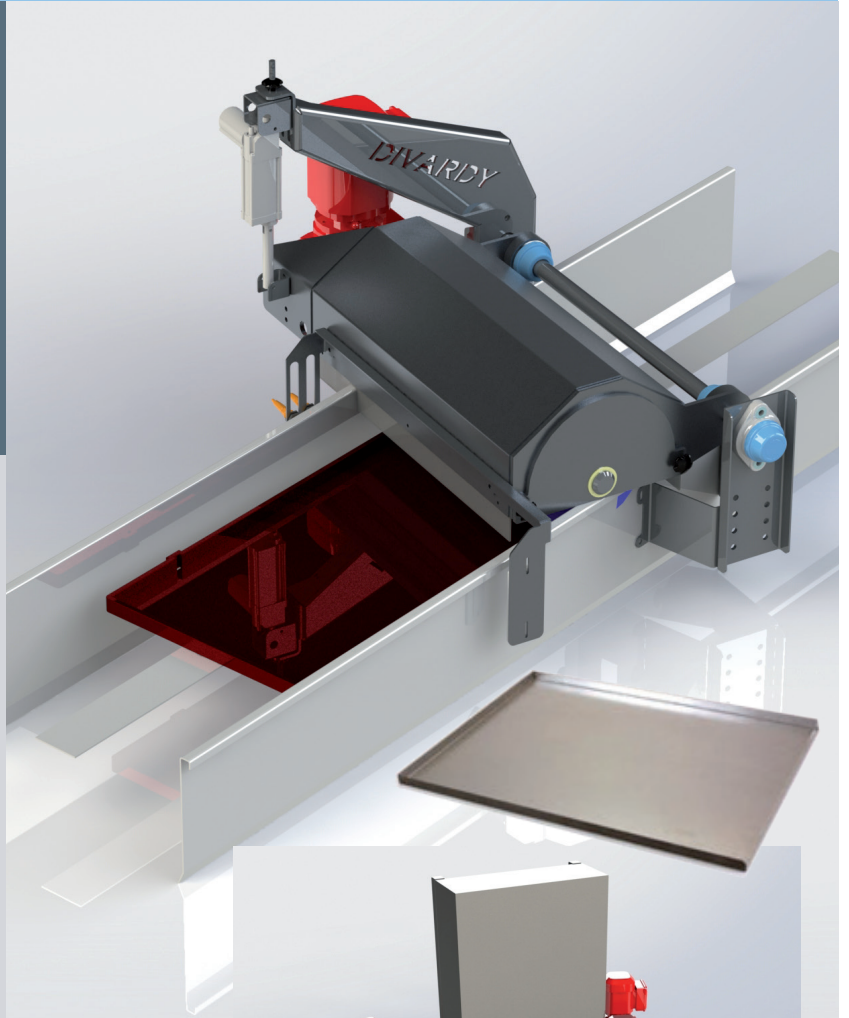

The Brush system is a silent machine, designed to function at optimum efficiency and with low energy usage.

FLEXIBILITY

The Brush system can be mounted on any transport system.

SOLUTIONS

Divardy offers several types of machines, to remove different types of contamination. For example crumbs on peelboards.

WHEN HYGIENE, PRICE AND FLEXIBILITY MATTER
