- Hygienic

The Scrabble depanner is your hygienic, economical and flexible solution for depanning small bread from a peel-board. The machine is designed to be easily installed on any conveyer system.

SAFETY

The Scrabble depanner is fitted with a protective fence. The controls for the machine are located at a safe distance from moving parts.

ECONOMICAL

The Scrabble depanner is a silent machine, designed to function at optimum efficiency and with low energy usage.

RELIABILITY

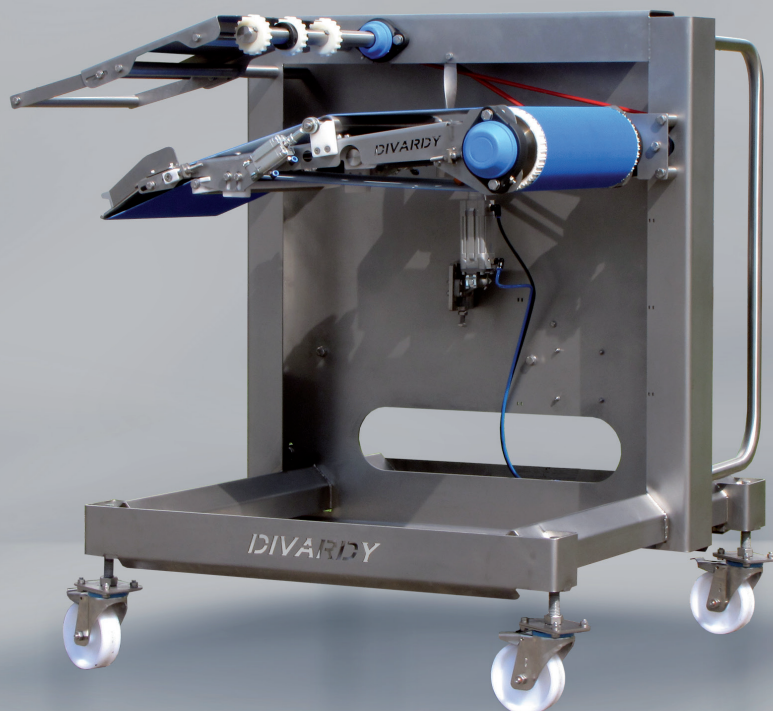

The Scrabble depanner has an alignment system to ensure the belt running straight all the time. Also, the belt can be easily and quick replaced.

FLEXIBILITY

The Scrabble depanner can be easily installed on any transport. It is mobile and can be used in combination with a Needle depanner.

HYGIENE

The standard Divardy frame ensures an open, rigid and clean construction, easy to clean and inspect for contamination.
